Integrated Progress Notes

1.28.09	1:09am	<p><u>cont.</u> returned home et created an email account et myspace for an art collaborative group called “Action Potential Arts,” which he would like to start. Subject talked to peer on phone et attempted calls, but no contact, to other peers. Subject went to bed @ 2:45am et awoke @ 10:30am to an alarm. Subject completed hygiene et researched, online, the “Archimedes Spiral.” Subject went to doctor’s appointment et was 30 minutes late due to the 2 inches of ice that surrounded vehicle. Subject returned home after doctor’s appointment to change clothes et put the “dirty jeans” back on. Subject went to work from 3:00pm – 10:30pm. Subject spent a long time after work clearing truck of ice in the parking lot et checked mail on way home. Upon return to home, subject watched tv online et checked emails. Subject attempted to place calls, but cell phone service is minimal due to ice-storm. Subject is currently charting on this form listening to the trees fall apart et shatter outside his apartment.———J Reeves self</p>
1.30.09	3:10am	<p><u>48 hr Summary:</u> Subject remained on internet until cut off from the storm. Subject went to bed @ approximately 3:30am et awoke to his neighbor knocking @ door @ 1:30pm. Upon waking subject worked on a drawing of rocket/spiral project. Subject completed hygiene et left apartment to get ciggs [sic] et check on friends. While scrapping ice from truck, subject gave neighbor an icescrapper [sic]. Subject went to post office, gas station et then peer’s house. Subject remained @ peer’s house playing board games et visiting until 1:30am. Subject drove by another peer’s house on way home to check if they “were alright.” Subject discovered peer wasn’t @ home et drove home worried. Subject worked on drawing upon arriving et received a call from peer. Subject went to bed @ 6:00am et reports having strange dreams about the children @ work harming him. Subject awoke several times during the night. Subject awoke @ 12:45pm to an alarm, completed hygiene et worked from 2:30 – 11pm. While @ work, subject placed a phone call to son et talked about the ice storm. Subject also talked to peer @ work via phone et called his mother, but talked to his brother; subject was relieved to hear that his brother had been bonded out of jail. On way home, subject stopped by post office. Upon returning home subject checked email, which was back on, et was dissappointed [sic]. Subject has had a back ache for the past 48 hours et reports a “sublime” feeling within, especially in regards to the natural phenomena et weather. Subject empathizes Ā trees explaining that they are “screaming” et “look as he feels.” Subject feels depressed et is thinking constantly of his ex-girlfriend in NYC. Subject is anxious about horoscope email’s predictions of 5 oppositions throughout the next 2 years, the second of which is predicted in a week. Subject is worried et feels an uncanny irony in his life situation, specifically how his “legal trouble” matches Ā said predictions et the loss of his girlfriend. Subject feels he may not be able to withstand the pain of four more “oppositions” if they are anything like the first. Subject has also complained of his stomach hurting et wheezing @ night. Subject is currently charting on this form, listening to the same song, as before, over et over: time 3:38am.———J Reeves self</p>
1.30.09	3:40am	<p><u>Additional Note:</u> Subject has retired the jeans he has worn all week, which were dirty et wore a different pair today. However, subject is thinking of digging them out of hamper et wearing them tomorrow.———J Reeves self</p>
1.31.09	12:05am	<p><u>24 hr Summary:</u> Subject listened to music et brushed teeth until bed @ 4:30am. Subject awoke @ 12:30pm to an alarm. Subject reports having frightening dreams, but can’t remember any details. Subject awoke Ā arms asleep as usual, a sensation he finds appalling. Subject attempted to listen to a voicemail from mother, which was left @ 7:30am, but couldn’t as phone service was down again. Subject was worried as he thinks phone call was uncharacteristic of mother due to time. Subject completed hygiene et went to work from 2:30pm – 10:30pm. Subject reports work day as being less stressed than usual, but he remained worried all day, making repeated attempts @ contacting mother throughout day, but couldn’t get through due to no long distance service as a result of the ice storm. After work Resident w<sup>JR</sup> Subject was able to listen to message et was even more anxious due to mother’s tone of voice. Subject made repeated calls to mother’s cell: no answer. Subject</p>
